

Manesty Holiday Cottages: Accessibility

This page is to help you decide whether our cottages might be suitable for members of your party who have particular access requirements. As it is difficult to meet everyone's particular queries on such a page it is only a brief synopsis. For a more detailed description of a particular cottage, or if you would like to know which cottage might best suit your needs, please ring us on 017687 77216 to discuss your requirements. You can also email us at cottages@manesty.co.uk.
